

Jeff Smith

Feb 28, 1949 - Jan 5, 2019

Jeff was an O&A Member for many years. He always had a smile on his face and he could be counted on to help in any way, including clean up. You would see him at parties taking photos which he enjoyed sharing with everyone. He is missed by all who knew him.

From Jeff's cousin, "He loved to travel and came over to the UK which had been a longtime dream for him; he stayed with us in England. He then travelled to Copenhagen where his mother was born. It was a trip of a lifetime for him. He loved his dog who passed just before he did. He spent most of his life taking photographs and he had an eye for beauty. He also worshipped the Lord. He was a person who never had a bad word about anyone. He was loved very, very much."

Richard Stawick

May 20, 1943 - Mar 15, 2019

Our longtime member, Rich, was an active member of our club for over ten years, hosting events such as Wekiva Island party day.

Rich was also involved with the local Parrot Heads in Paradise, Inc., he was an avid card player and he was still running his own construction business when he passed.

Rich was family-oriented and spent much time with his grand kids, bragging about them at every opportunity. He was described as a "ball of energy and a joy to be around". We miss him and his mischievous smile so much.

James R. Mulford

Oct 18, 1939 - Oct 21, 2019

Jim was a member of O&A for many years...too many to count!

If you have been a regular at O&A's weekly Mix & Mingle happy hour throughout the years, then you probably met Jim. Even though he had an illness in recent years that really slowed him down, he continued to attend the happy hour as often as he could and ordered his usual fish and chips dinner. You may not know that Jim was, in fact, the host of Mix & Mingle for several years!

Jim's family owned a nursery in Apopka — Mulford Florida Plants, Inc., for many years. Jim was an avid poker player, enjoyed following the stock market, and loved to talk about both. Another little-known fact is that Jim designed our current O&A buttons. An avid kite flyer, Jim designed an O&A kite which he flew on the beach at New Smyrna every summer at O&A's annual beach weekend, at the Oceania Beach Club. Aside from all his hobbies and interests, Jim was a very nice, polite man who many club members enjoyed knowing.
